

Amendments to the Specification

Page 15, beginning at line 13, please amend the paragraph, as follows:

~~Fig. 3 is a~~ Figs. 3(A) and 3(B) are waveform diagrams
illustrating how the substrate potential varies with the
presence or absence of a reset circuit 260 and a ground short-
circuiting switch.

Page 16, beginning at line 7, please amend the paragraph, as follows:

~~Fig. 9 is a~~ Figs. 9(A) and 9(B) are diagrams for
describing the actions of the boost circuit in the example.

**Page 16, beginning at line 23, through Page 17, line 1, please
amend the paragraph, as follows:**

~~Fig. 14 is a~~ Figs. 14(A)-14(C) are waveform diagrams
illustrating level differences between a segment-applied
voltage and a common-applied voltage VCOM depending on
differences in liquid crystal panel drive system.
